Orange, CT 06477  
Reference Letter**

We have been asked by Prindle Hill Construction to prepare a reference letter on their behalf. My company has purchased two pre-fabricated steel buildings from Prindle Hill for two different projects. The first building was for the Middletown Recycling Center in Middletown, Connecticut and the second was for an addition to the Cromwell High School in Cromwell, Connecticut.

These two projects required the need for information on a constant basis. Our dealings with them to date have been more than satisfactory. They have provided the required information in a timely and professional manner. It is our hope that they will continue to provide the best price for pre-fabricated steel buildings for use in future projects. We look forward to working with them again in the future.

If you wish to discuss our experiences with Prindle Hill Construction in greater detail, please feel free to contact me at (860) 343-0523.

Sincerely,

Sal Saraceno
