TO WHOM IT MAY CONCERN:

**RE: Prindle Hill Construction  
554 Carriage Drive  
Orange, CT 06477  
Reference Letter**

We have been asked by Prindle Hill Construction to prepare a reference letter on their behalf. The Town of Manchester Public Works Department is currently working with Prindle Hill on a state and federally funded project entitled "**Intersection Improvements at Woodbridge St, Parker St, & Green Rd**". The project involves significant roadway reconstruction work associated with the re-alignment of multiple intersections in the Woodbridge, Green and Parker Street area. The subject area has a relatively high traffic count. Maintaining a safe and steady flow of traffic through the area is a major component of the work. In addition to the road work, there are also drainage and sidewalk components to the project.

Our dealings with them to date have been more than satisfactory. They have performed the required work in a timely and professional manner. It is our hope that they will continue to bid on future Town projects. We look forward to working with them again in the future.

If you wish to discuss our experiences with Prindle Hill Construction in greater detail, please do not hesitate to contact me. I can be reached at (860) 647-3252, Monday through Friday, between the hours of 8:00 AM and 4:30 PM.

Very truly yours,

Richard A. Staye  
Utility Engineer  
Public Works Engineering
